

¡A conocernos!

¡A Conocernos!

There are two simple ways to play.

1) You move ahead by rolling a die and following the instructions on the square you land on. Take turns rolling, drawing a question card, and answering. The first one to the *meta* wins.

2) You move ahead by rolling a die. If you land on a blue square, you answer the question yourself. If you land on a green square, you ask the question to someone else. If you land on a pink square you can choose to answer the question yourself or ask someone else. The first one to the *meta* wins.
